

## Statistics on first-time registrations – dataset (TPERAT010)

Dataset with limited information (TPERAT010c)

### General provisions

The data extracted to the Statistics on first-time registration dataset is the transaction data on first-time registrations of vehicles for the preceding month. The dataset contains technical vehicle data and personal data. If the person in question has a valid information disclosure prohibition, the data covered by the prohibition cannot be disclosed.

The data from the dataset is also available with limited information (TPERAT010c).

### Data deliveries and prices

The data will be delivered to Traficom's partner once a month through a broker service. The broker service is provided by Traficom's system provider.

Traficom will invoice dataset-specific fees according to the valid price list (batch extractions from registers). The broker service provider will invoice the costs arising from the brokerage agreement.

### Terms and conditions of use

The service is subject to terms of use. The partner must have a valid agreement and a data access authorisation with Traficom and a brokerage agreement with the broker service provider. Contact Traficom for instructions on matters concerning brokerage agreement.

### Further information

Changes related to data deliveries are requested from and processed by Traficom.
