<p>Grounds for and purpose of data processing</p> <p>Traficom's processing of personal data in the 5G Survey is based on the performance of a public interest task or the exercise of the controller's public authority [Article 6 (1) (e) of the EU GDPR].</p> <p>5G Momentum is an ecosystem that promotes new trials and solutions by creating collaboration in Finland. We organize 5G-themed events for the network members, share information about trials and offer support to research and development projects. The activities of the 5G Momentum ecosystem are coordinated by the Finnish Transport and Communications Agency Traficom. More information about 5G Momentum:</p> <p>5G Momentum is conducting this 5G Survey on the status of 5G deployment in a few selected countries. The purpose of the study is to provide comparative data on the progress of the deployment of 5G. Based on the responses we will put together a short summary report which will be shared with all respondents. We will also upload the summary report to Traficom's website and distribute it to 5G Momentum ecosystem members in Finland.</p>
