<p>Grounds for and purpose of the data processing</p> <p>The 5G Momentum ecosystem established in 2018 is a cooperation network aimed at 5G operators and service providers. The purpose of the network is to promote the development and deployment of 5G services, promote new services and innovations based on 5G technology through trials, identify challenges related to the 5G operating environment and make Finnish 5G expertise visible.</p> <p>The 5G Momentum ecosystem is an open forum for information exchange, and personal data is processed in the context of the network for the purpose of sharing information about 5G and news about other new technologies related to it. Personal data is processed in connection with the sending of the 5G Momentum newsletter, invitations to group events, surveys on topical matters or information on topical matters related to 5G to members of the network.</p> <p>The basis for the personal data processing is the controller's performance of a task carried out in the public interest. It is the duty of authorities to produce and share information. As such, the grounds for the processing are public interest based on the controller's obligation to provide information about current events in the transport and communications sectors, which are part of its field of competence. Furthermore, the Act on Electronic Communications Services lays down provisions on Traficom's duties and special tasks.</p> <p>The basis for the personal data processing is the controller's performance of a task carried out in the public interest (Article 6(1)(e) of the General Data Protection Regulation (2016/679) and section 4 of the Data Protection Act (1050/2018)).</p>	

Data content	
The data undergoing processing	We process the names and contact details (such as organisation, email address or phone number) of persons who are part of stakeholders and, if necessary, data describing the person's position or duties (such as title or role).

Sources of the processed data (where data is received from)	Data is received primarily from persons themselves when they join the distribution list or from the representatives of stakeholders (as a result of a company's contact person naming participants, for example). The only mandatory information that must be provided when joining the distribution list is an email address and organisation.
Storage period of personal data	Personal data related to stakeholder events is stored for the purpose of processing only for as long as processing is necessary. Traficom deletes outdated data. Personal data is stored for as long as the group exists.

Data processing	
Recipients and categories of recipients of personal data (to whom personal data is disclosed)	As a rule, personal data is not disclosed to third parties. As a public authority, Traficom's activities are subject to the Act on the Openness of Government Activities (621/1999).
Processing of personal data on behalf of the controller	The personal data is processed only by Traficom.
Transfer of personal data to third countries outside the EU/EEA	The data will not be transferred outside the EU/EEA.
Automated decision-making and profiling	Traficom does not use automated decision-making or profiling in this context.

Rights related to the processing of personal data
<p>About exercising rights</p> <p>You can exercise your rights by submitting a request to 5G Momentum via email (5GMomentum@traficom.com) or to the sender of a meeting invitation (or other communication) by post or to Traficom using the contact details under the 'Controller's contact details' section of this privacy statement. If you submit the request to someone other than the sender, please specify the event accurately.</p> <p>The right to lodge a complaint with the supervisory authority</p> <p>If you believe that your personal data is being processed in violation of legislation, you may lodge a complaint with the Office of the Data Protection Ombudsman.</p> <p style="text-align: center;">Office of the Data Protection Ombudsman PO Box 800, FI-00531 Helsinki, Finland tietosuoja(at)om.fi tel. +358 29 566 6700</p>

Right of access	The data subject has the right to obtain from the controller confirmation as to whether or not personal data concerning him or her is being processed. If processing takes place, the data subject has the right to access the personal data.
Right to rectification	The data subject has the right to obtain from the controller without undue delay the rectification of inaccurate or incorrect personal data.
Right to object	<p>In situations where the processing of personal data is based on public interest, the exercise of official authority vested in the controller or the legitimate interest of the controller or a third party, the data subject has the right to object to the processing of personal data concerning him or her.</p> <p>If a data subject uses his or her right to object, the controller must stop the processing of their personal data, unless the controller demonstrates compelling legitimate grounds for the processing which override the interests, rights and freedoms of the data subject, or for the establishment, exercise or defence of legal claims.</p> <p>If the personal data is processed for direct marketing purposes, the data subject has the right to object to the processing without any specific grounds.</p> <p>In situations where personal data is processed for statistical or research purposes, the data subject may object to the processing on grounds relating to his or her particular situation, in response to which the controller must stop processing the data subject's data, unless the processing is necessary for performing a task carried out for reasons of public interest.</p>
Right to restriction of processing	<p>The data subject has the right to obtain from the controller restriction of processing if:</p> <ul style="list-style-type: none"> - the data subject contests the accuracy of the personal data - the processing is unlawful, but the data subject opposes the erasure of the personal data and requests the restriction of its use instead - the controller no longer needs the personal data for the purposes of the processing, but it is required by the data subject for the establishment, exercise or defence of legal claims - the data subject has objected to the processing of the personal data pending the verification of whether the legitimate grounds of the controller override those of the data subject.
Right to data portability	The data subject has the right to receive the personal data concerning him or her which he or she has provided to the controller, in a structured, commonly used and machine-readable format and the right to transmit those data to another controller without hindrance from the controller to which the personal data have been provided, where the processing is based on consent or on a contract and the processing is carried out by automated means.

	<p>At Traficom, personal data is most often processed for the purpose of carrying out the statutory tasks of an authority, in which case the data subject does not have the right to data portability, unless separately provided by law.</p>
Right to erasure	<p>In situations where the legal basis for the processing of personal data is something other than compliance with a legal obligation, the data subject has the right to obtain from the controller the erasure of personal data concerning him or her. The requested data will be erased unless the controller has a legal basis for refusing to erase the data, such as a legal obligation to retain the data.</p>
Right to withdraw consent	<p>Insofar as personal data is processed on the basis of the consent of the data subject, the data subject may withdraw his or her consent at any time by notifying the controller of the withdrawal. Withdrawing consent will not affect the lawfulness of processing carried out on the basis of the consent of the data subject before its withdrawal.</p>
